Diffraction is a powerful and easy to use image organizer and file manager which allows you to organize your photo and video collections easily and manage your collections without a lot of hassle. Built-in search and filters There is no need to install Diffraction and the main window is revealed as soon as you double-click on the main executable. The straightforward GUI provides a large preview area and quick navigation tools, allowing you to quickly jump to another location on your computer. Several file formats are supported, including RAW photos, without having to install additional dependencies. A few predefined filters are available in the sidebar (Christmas pictures, with the creation date at the time of Christmas, photos in the Windows default libraries, duplicates and so on.). Furthermore, you can perform searches using any metadata attributes to find the files you are looking for. Image comparison, grouping and editing A folder containing pictures and other multimedia files displays all its contents in preview mode. Images can be easily moved or copied, renamed or deleted. Images can be assigned labels and ratings. Pinning an image is possible, which comes in handy if you want to compare an item with others. Images can be sorted and grouped by various criteria. The main purpose of Diffraction is to organize media files with ease but it also comes with basic graphic editing tools. You can straighten the image and adjust the color parameters (vibrance, darkness, midtones, light, contrast, brightness, saturation). Diffraction also allows metadata editing for pictures on your computer. Organize your multimedia files with ease Diffraction helps you manage your media collection efficiently, group similar images together and keep your pictures organized. It comes with filters, sorting and grouping options that make it possible to handle large collections that include both regular and raw images. System Requirements: Diffraction supports the following software and hardware platforms: Windows 7 or 8 64 bit, Windows XP 64 bit, Windows Vista 64 bit.
