## **Features Key:**

CM-XG vs RBY: A balanced battle engine, which takes advantage of the lovely CM-XG universe, targets a hectic storyline, and is deeply balanced so that you can enjoy it at any level.  
A VERY varied and significantly large play area in an 8-bit RPG style. It features open and connected 3D dungeons, fields, and other areas such as townspaces.  
A Drama that reads like a novel, from the monologue dialogue to the interaction among the characters as they progress through the story.  
In-depth Customization options such as character creation.  
A bewilderingly large number of customization options for the game environment.  
A battle system that supports touch-and-swipe controls, allowing for high levels of customizable and varied battles without any restrictions.  
A rich battle history featuring 300+ heroes and 100+ weapons, full of a variety of tactical gimmicks.  
Encompasses hundreds of scenarios with an overabundance of events.  
Huge numbers of various enemies/monsters and a full inventory system.  
Completely original characters and dialogue that are unparalleled in the industry.  
Advanced AI and impressive graphics for a AAA title in the field.
